### Piano lesson scholarships for low-income children Changing Children's Lives, One Piano at a Time

- Helping children for over 22 years
- Teachers are all certified and members of Music Teachers' Association
- Over 100 children have received scholarships through this program
- 100% of the funds go to the project, no overhead or administrative costs.
- Weekly 1/2 hour lessons average \$150/month. Any amount is appreciated. Make checks payable to Music Teachers' Association of California Alameda East Branch.

#### HISTORY

This project, founded by Music Teachers' Association of California, was started with a donation from Roger Ide in memory of Walter Blankenship, a young amateur pianist who died in 1996. Low income children from ages 6 through 17 are eligible for scholarships from half to full value of their lessons, depending on income level. Pianos or keyboards are provided to each child so that they can practice in their own homes.
